

News & Views

This month I am dedicating my News & Views page to an absolutely wonderful dear friend and musical partner, **Mr John Wells**.

After fighting ever so strongly and valiantly over the past 7 years to beat his numerous issues with cancer, John finally was taken from those who truly loved and idolised him, on 6th November 2017.

John was one of the founding members and drummer/singer (playing Don Henley) in our Eagles tribute show band, **the Eagles Story**.

Thanks for those wonderful memories "Johnny boy", my musical world will just not be the same without you in it my friend. It was such a pleasure to play our great music together for those very special years, which will remain some of the best in my musical career. I will miss those chats, laughs and wonderfully creative moments that were so special about you.
